- 10:45 am - 11:30 am** **Exchange 2007**
 By Bryan Letcher, Berbee
 Today, employees look for rich, efficient access—to e-mail, calendars, attachments, contacts, and more—no matter where they are or what type of device they are using. For IT professionals, delivering a messaging system that addresses those needs must be balanced against other requirements such as security and cost. See the new features in Exchange Server 2007 for yourself.
