Sergeant Labs Inc			www.provecompliance.com
Eric Anderholm	CEO	608.788.9143	eanderholm@provecompliance.com
Mitch Langreck	Director of Business Development	608.788.9143	mlangreck@provecompliance.com
<p>For well over a decade, Sergeant Laboratories has provided security and monitoring solutions for schools, businesses and government organizations.</p> <p>In 1999, one of Sergeant Laboratories' customers asked, "What are our computers actually being used for?" and the DataVault™ technology (integrating eight years of technology development) was born. The DataVault™ server forms the foundation for Sergeant Laboratories' two user compliance monitoring products: Aristotle Academic™ for K-12 schools and Aristotle™ for businesses and government.</p> <p>In 2007 Sergeant Labs developed a Desktop Notification Software AristotleAlert. AristotleAlert is an immediate alert response system that distributes information to networked computers, email users or SMS phones. These alerts can carry messages of danger alerts, closings, or even emergency response notification. Alerts may be added and defined by you to include any message you need.</p> <p>Customers all over the U.S., including countless schools, state and county governments, major banks, large health care organizations and mid-sized retailers are now using Aristotle Academic™ and Aristotle™, as well as counterpart organizations in several other countries.</p>
